THE CAUSE AND CURE OF CONSUMPTION.

The primary cause of Consumption is derangement of the digestive organs. This derangement produces deficient nutrition and assimilation. By assimilation I mean that process by which the nutriment of the food is converted into blood, and thence into the solids of the body. Persons with digestion thus impaired, having the slightest predisposition to pulmonary disease, or if they take cold, will be very liable to have Consumption of the Lungs in some of its forms; and I hold that it will be impossible to cure any case of Consumption, unless the first cause be removed, and a healthy assimilation. The very first thing to be done is to cleanse the stomach and bowels from all diseased mucus and slime, which is clogging these organs so that they cannot perform their functions, and then to restore the liver to a healthy action.

For this purpose the surest and best remedy is Schenck's Mandrake Pills. These Pills cleanse the stomach and bowels of all the dead and morbid slime that is causing disease and decay in the whole system. They will clear out the liver of all diseased matter that has accumulated there, and cause it to perform a new and healthy action, by which natural and healthy bile is secreted.

The stomach, bowels, and liver are thus cleansed by the use of Schenck's Mandrake Pills; but there remains in the stomach an excess of acid, the organ is torpid and the appetite poor. In the bowels the lacteals are weak, and requiring strength and support. It is in a condition like this that Schenck's Seaweed Tonic proves to be the most valuable remedy ever discovered. It is alkaline, and its use will neutralize all excess of acid, making the stomach sweet and healthy; it will give permanent tone to this important organ, and create a good, hearty appetite, and prepare the system for the first step towards a healthy digestion, and ultimately make good, healthy, living blood. After this preparatory treatment, what remains to cure most cases of Consumption is the free and persevering use of Schenck's Pulmonic Syrup. The Pulmonic Syrup nourishes the system, cleanses the blood, and is resorbed into the circulation, and thence distributed to the diseased lungs. There it ripens all morbid matters, whether in the form of abscesses, tubercles, or other morbid matter, to expel all the diseased matter, in the form of free expectoration, when once it ripens. It is then, by its healing and purifying properties, Schenck's Pulmonic Syrup, that all ulcers and cavities are healed up sound, and my patient is cured.

The essential thing to be done in curing Consumption is to get up a good appetite and a good digestion, so that the body will grow in flesh and get strong. If a person has diseased lungs, a cavity in the chest, or a general debility, the matter cannot ripen, so long as the system is below par. What is necessary to cure is a new order of things—a good appetite, a good nutrition, and to grow in flesh and get fat; then Nature is helped, the cavity will heal, the matter will ripen and be thrown off in large quantities, and the person regain health and strength. This is the true and only plan to cure Consumption, and it is the only one that has been discovered, and is not entirely destroyed, or even if one lung is entirely gone, if there is enough vitality left in the other to keep the system in good order.

I have seen many persons cured with only one good lung, live and enjoy life to a good old age. This is what Schenck's Medicines will do to cure Consumption. They will clean out the stomach, sweeten the blood, get up a good appetite, and give Nature the assistance she needs to clear the system of all the disease that is in the lungs, whatever the form it may be.

It is important that while using Schenck's Medicines, care should be taken not to take cold, keep in-doors in cold and damp weather; avoid night air, and take out-door exercise only in a genial and sunny atmosphere.

I wish it distinctly understood that when I recommend a patient to be careful in regard to taking cold, while using my Medicines, I do so for a special reason. A man who has but partially recovered from the effects of a bad cold is far more liable to a relapse than one who has been entirely cured; and it is precisely the same in regard to Consumption. So long as the lungs are not perfectly healed, just so long is there imminent danger of a full relapse of the disease. Hence it is that I so strenuously caution pulmonary patients against exposing themselves to a atmosphere that is not genial and pleasant. Confirmed Consumptives' lungs are a mass of sores, which the least change of atmosphere will inflame. The grand secret of my success with my Medicines consists in my ability to subdue inflammation instead of provoking it, and many of the faculty do. An inflamed lung cannot, with safety to the patient, be exposed to the biting blasts of Winter or the chilling winds of Spring or Autumn. It should be carefully shielded from all irritating influences. The utmost caution should be observed in this particular, as without it a cure under almost any circumstances is an impossibility.

The person should be kept on a wholesome and nutritious diet, and all the Medicines continued until the body has restored to the natural quantity of flesh and strength.

I was myself cured by this treatment of the worst kind of Consumption, and have lived to get fat and strong. I have cured thousands since, and very many have been cured by this treatment whom I have never seen.

About the First of October I expect to take possession of my new building, at the corner of the Sixth and Arch Streets, where I shall be pleased to give advice to all who may require it.

Full directions how to use my Remedies, so that a person in any part of the world can be readily cured by a strict observance of the same.

VINEGAR BITTERS

PURELY VEGETABLE—FREE FROM ALCOHOL

DEWILLERS' CALIFORNIA VINEGAR BITTERS

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile Fancy Drink, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctor, apothecary and Interment, called "Tonic," "Apostrophe," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native Roots and Herbs of California, free from all Alcoholic Stimulants.

They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Restorer and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Constipation or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Biliousness, Remittent Fevers, a periodic Remedy, Inflammation of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Disinnes, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bile Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Eczema, Itch, Scurs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities manifesting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectively destroyed and removed. See a detailed physiological, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed and cherish living monsters of disease. System of Medicine, no vermifuges, no antihelmintics, will free the system from worms like these Bitters.
